Ronald P. Bangasser, MD, Memorial Award for Quality Improvement

Healthcare Pay for Performance (P4P) programs reward hospitals, physician practices and other providers with both financial and non-financial incentives based on performance on select measures. These performance measures can cover various aspects of healthcare delivery: clinical quality and safety, efficiency, patient experience and health information technology adoption.

In memory of Dr. Ron Bangasser’s contribution to Pay for Performance and his dedication to quality improvement, Integrated Healthcare Association and its stakeholder partners recognize the following physician organizations for demonstrating the greatest improvement in their region from Measurement Year 2011 to Measurement Year 2012, based on Pay for Performance measures of Clinical Quality, Patient Experience, and Meaningful Use of Health IT.

Quality healthcare is more than just a routine visit to your doctor. It is about a personal experience - a sense of knowing that you and your healthcare providers have come together to help you decide what is best for you.

At Prospect Medical, that level of quality does not stop with the physicians; it is our responsibility too. We want your experience with us to be personalized and positive, for you and your entire family.
